Authorization for this examiner's amendment was given in a telephone interview with Royal N. Ronning, Jr. on September 12, 2005.

The following is an examiner's statement of reasons for allowance: WO 01/81365 is considered to be the closest prior art because it discloses making similar compounds with a different method. The case has been allowed because the recited combination of steps would not have been obvious from WO 01/81365.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
